FOUNDER'S NOTE

“Our mission at is to give Indian businesses one simple tool to manage everything — sales, billing, HR, and finance. DAAI Business Suite is made in India, for India. For SMEs and freelancers, we know the pain of last-minute problems — invoices not ready, payments missed, no clear view of money. DAAI makes this easy.

One small step, and you see the full picture of your business. No pressure at all — if it's not useful, you stop. But if you try, you will see how simple it becomes to run your business.”

– Nayan Sagar, Creator of DAAI Business Suite
